Annual Museum Survey 2023 - Single Site

1. Annual Museum Survey 2023 - Introduction

The purpose of the Annual Museum Survey is to gather evidence to help demonstrate the social and economic importance of museums to funders and stakeholders – locally, regionally and nationally - and to provide museums with data to enable them to benchmark their performance.

The survey is open from the 2nd of May, midday and will close on the 21st of July, 5pm.

What's in it for museums?

Advocacy – evidence to make the case for your social and economic value in order to sustain investment

Performance benchmarking – consistent data to compare your museum's operational context

Informing strategy – knowing your operational context will support your business planning

Fundraising – the data can be used as evidence to support funding applications or to express your value with the public

Data should be provided for the financial year 1st April 2022 - 31st March 2023. If your organisation operates a different reporting year, please use whichever most closely aligns to this e.g. 1st January 2022 - 31st December 2022.

There is a range of supporting information including the survey questions and definitions available at https://southwestmuseums.org.uk/what-we-do/annual-museum-survey/participate

2. Keeping your data safe and using it to benefit museums

South West Museum Development (Data Processor) is commissioned by each Museum Development region (Data Controller) to provide this national survey. Your survey responses will be stored and processed in compliance with the General Data Protection Regulation (2018). You can find further information on how we will use and share your data along with your Museum Development providers’ privacy notice on our Annual Museum Survey information page.

By submitting your responses to this survey you consent for your data to be:
Combined with those of other museums to produce publicly available reports in a variety of forms at a regional and national level (your museum name will not be used in these reports without your consent) available on Museum Development websites.

Included in an aggregate dataset generated by the survey in 2023 to be shared with our main funders, Arts Council England.

Included in a dataset published on Museum Development websites from January 2024 - approximately one year after regional reports are published.

Published datasets will not include financial information. No personal information will be published in publicly available reports or datasets or shared with other organisations.

You can withdraw your consent prior to the publication of reports and datasets, by the 21st of July 2023 and can request a copy of your data by contacting museum.data@bristol.gov.uk.

Please tick here to indicate that you have read and understood the information above. *

I have read and understand the above and confirm that I am authorised to provide survey responses on behalf of my organisation for the purposes described above.
